16TH YEAR. NO. 165. EAST LIVERPOOL, O., FRIDAY, DECEMBER 21, 1900. TWO CENTS.

MANAGER HEALY ON THE STAND

He Told What He Knew About the Equipment of the Wrecked Car.

CONSIDERED IT AS SAFE

As Any Car on the East Liverpool Line and Was Well Equipped.

INQUEST CONTINUED TOMORROW

The hearing of testimony in the Christie inquest was resumed by Acting Coroner Rose yesterday afternoon at a few minutes after 3 o'clock.

George Bettridge, a member of the fire department, was the first witness called at the afternoon hearing, and he testified as follows: He was out repairing wires when the alarm came in and arrived at the scene of the wreck at a little after 3 o'clock. He helped rescue Mrs. McKinnon and her daughter and then turned his attention to the conductor. When Morgan had been taken out witness had helped to remove the body of Christie. There was no sign of life about the body of the motorman, and from the appearance of his eyes, which were dull and glossy, he judged he was dead. He knew the conductor was living when taken from the wreck, as he was heard to say, "Oh, my leg, my leg."

Dr. W. R. Clark was the next witness and said: "I have had occasion to ride the Calcutta extension several times, and was up the hill the Friday before the accident. I arrived at the top of the hill on the return trip before the time for the car to begin the ascent of the hill. Motorman Christie and I had a conversation on that occasion respecting the safety of the line. The motorman said there was no danger on ordinary occasions, but that on wet days much sand was used. He spoke of one day not long before when 30 buckets of sand was used. I considered Motorman Christie one of the most careful men on the line."

Mr. Healy was sworn and testified that he was manager of the East Liverpool street railway; had occupied that position since May, 1898. When he assumed control there were 10 cars in use. There had been 13 cars placed on the line since he came. No. 7 was one of the 10 that had been originally on the line. He didn't know whether it was a horse car when it had been received here, as he was not on the line at the time. When he assumed control there was in use on the line 25, 30 and 35 horse-power motors—two of each to every car.

No. 7 had been abandoned for quite a while for the reason that the company had better car bodies, but was brought into use again when the Rock Springs line was started. When it was decided to put the car on the Calcutta road extension, No. 7 was fitted out with an electrical apparatus and running gear that had been used on their summer cars. The equipment had been used for two summer seasons and was comparatively new. Two new 35 horse-power Westinghouse motors, No. 49, was placed on the car and all went to make up the newest and best outfit at the command of the company then. The car was supposed to have the best brake made. The brake handle was after the same model which the motormen had demanded over a year ago. The only part of the car which was old was the wooden structure. The increased horse-power in the motors was no advantage on an ice track. The piece of timber as a precaution against accident had been put on at his order. He had expected when the safety was adopted that the wheels would run upon the timber and stop the car in case it got beyond control, but no provision was made for the prevension of accident in case the wheels became locked. When the wheels were locked it was calculated to invite danger, and when this condition prevailed any motorman knew that he had lost control of the car. It was evident from what had transpired that the improvised obstruction had not served the purpose for which it was intended on last Monday. He did not know that it did not act; neither was he aware that it did. Witness admitted that the track had been located a number of times before it was finally settled where it should go. No cut out switches had been placed on this line. Dr. Ikirt asked if it had not been the original intention to put cut-offs on this extention. Attorney Brookes objected to the question and some considerable discussion took place concerning the competency of the query. The court finally instructed the witness to answer, and Attorney Brookes advised him not to. Therefore, it was left unanswered. However, Healy said the result of Monday's disaster would not have been different if there had been cut-off switches.

Manager Healy here described the per cent of grade at various points from the top of the hill to the curve above Walnut street. The curve was a sharp one, but he was not able to tell the angle. The outer rail, in his opinion, was elevated very little, if any, although he admitted that the track was placed in the road before the paving was done. In answer to a question of Dr. Ikirt as to whether it was not customary to elevate the outer rail at a sharp curve, Mr. Healy said it was not, as the modern custom was to place a guard rail about the turn, which had been done at the point in question. On Monday the car was going too fast for the guard rail to be effective. Had the car remained on the track and made the turn the manager was unable to say what the probable result would have been. When asked witness stated that a double truck car was larger and heavier, but there was no mechanical reason why a double truck car would be less liable to go off the track at a curve. He considered that car No. 7 was equipped with improved modern machinery. He admitted, however, that the log brake was not a modern appliance, but they had reason to believe it would hold a car with considerable weight and momentum behind it. It had failed to serve the purpose for which it was intended on Monday afternoon.

Witness was here examined by Attorney Brookes, and in answer to a question said the timber was placed upon the car only as additional security against accident. He didn't know of any better or safer appliance. He made the assertion that there was nothing known to mechanical science that would have stopped the car that day. He knew nothing better than the tie. In his estimation a double truck car would weigh 1,000 pounds more than a single one. There was no more protection in a double truck arrangement than the other. The city engineer had located the track

DOC. LEYDE HAD HIS HEARING

Mayor Davidson Decided That He Was Guilty and He Was Fined

FOR STRIKING THE BRYAN BOY

Another Unfortunate Didn't Behave Himself Properly and Was Place Under Arrest.

ONE SLEEPER WAS RUN IN

Doc Leyde, who was arrested yesterday on a charge of assault and battery, preferred by Edward Bryan, had his trial yesterday afternoon. Andy Price was with Bryan at the time the assault was made and they both testified that they were passing bills and had thrown one in the building occupied by Leyde. Young Bryan went back for the purpose of straightening the bill when Leyde came up the steps and struck him with his cane. Leyde was fined $5 and costs.

Linsey Roberts was arrested last night on Sixth street for using profane language. He was taken to city hall and when he faced the mayor pleaded guilty and was fined $5 60 and was released.

James McCarney, who was arrested by Fireman Wood yesterday for using the sidewalk as a bed, was given a hearing and fined $5 60. McCarney had $3 85 in his pocket when arrested. He wants his money and will lay his fine out.

JURY DISAGREED.

THE END OF THE GASTON-BRUNT CASE REACHED TODAY.

The Jury Stood Seven to Five in Favor of Plaintiff—Will be Retried.

Lisbon, Dec. 21.—(Special.)—The jury in the case of W. K. Gaston, administrator, against George F. Brunt for $10,000 damages disagreed and were discharged shortly before noon today.

It is understood the jury stood seven to 5 in favor of giving the plaintiff some damages.

The case will be retried.

Sixteen ballots were taken and the question of the amount of damages was never voted upon.

A PARTY.

The Well Known Merchant Was Surprised by a Number of Friends Last Evening.

J. J. Rose was very pleasantly surprised at his home on West Grant street last night by a number of his friends, the occasion being his 32d birthday.

The affair was thoroughly enjoyed by all present and Mr. Rose was the recipient of a handsome and valuable lodge emblem in the form of a watch charm. The presentation speech was made by W. A. Davis and was responded to by Mr. Rose in a happy manner.

The evening was spent in music and games, and refreshments were served at a late hour.

EAST END.

MISSIONARY SOCIETY

Of the Second Presbyterian Church Held a Very Interesting Meeting Yesterday.

A very interesting and well attended meeting of the Woman's Missionary society of the Second Presbyterian church was yesterday held at the home of Mrs. S. R. Dixson, St. George street.

Mrs. Rev. J. N. Swan, who recently moved to East End, affiliated with the local society and read a portion of a letter received from her son, Dr. John Swan, respecting his experiences in China during the Boxer uprising. Several other letters were read, among them being one from Mrs. Rev. Cooper, a former member of the society who now resides in Paola, Kansas, and another from Mary Holmes seminary, both of which were well received and seemed to encourage the members in their mission work.

THE FINAL TEST.

At the Plant of the Bridgewater Gas Company, And it Was Satisfactory.

The work of making the test at the Bridgewater Gas company's plant, East End, will be completed today, and so far the experiments were beyond the expectations of those interested.

This is the second and final test that has been made at the plant, the other having been made last July. The entire winter will be devoted to the task of reducing the material used in the manufacture of gas to a minimum.

President Green, of the company, was here from Pittsburg yesterday, and he, together with the expert from Ft. Wayne, are more than satisfied with the manner in which the various experiments resulted.

JAMES MORGAN,

The Injured Conductor Will Now Recover Unless Something Unforseen Happens.

Conductor Morgan is better today, having passed a very good night. The injured man's hip and right leg are very sore and he is unable to move without assistance. Unless something unlooked for develops Morgan will recover.

To Light Up Tonight.

The two additional street lamps taken to the East End yesterday will be put up today. Lighter Jackson finds it somewhat difficult to cover the territory taken in by the lamps, and so much time is required in the work that some of the lamps are lighted as early as 4 o'clock in the afternoon.

Ready Settlement.

D. F. White, of the East End, solicitor for the Protected Home Circle, yesterday received the sum of $1,000 for the daughter of Henry J. Pritchard, Mrs. John Smith, and passed the same over to the lady today. The P. H. C. attends to legitimate death settlements with very commendable promptness.

Going South.

Oliver Howell wil leave tomorrow morning for Woodfield, where he will spend several days visiting relatives.

Much Improved.

Miss Grace Strain, of St. George street, is recovering from an attack of typhoid fever.

THE TRIO WENT TO THE PENITENTIARY

Sheriff Noragon Started For Columbus With Reaves, Hopkins and Reynolds.

THEY WILL ALL DO TIME

A Demurrer In the Case of George Knowles Against the City Overruled.

A SUBJECT FOR THE HOSPITAL

Lisbon, Dec. 21.—(Special.)—Sheriff Noragon left for Columbus this morning having in charge Edward L. Reynolds, Robert Hopkins and Jack Reaves, of East Liverpool, and Frank Blackburn, of this place, all of whom have been sentenced to the penitentiary.

Catherine Mackintosh was given judgment on a promissory note for $583 50 against Wesley Wells et al.

A demurrer filed by Solicitor W. K. Gaston in the case of George Knowles against the city of East Liverpool was overruled. Knowles wants judgment against the city for $1,200 for injury to his property.

Judge Boone has adjudged Rosa Winters, of East Liverpool, to be a fit subject for the Ohio Hospital for Epileptics at Gallipolis.

Married Saturday Night.

At the First M. E. parsonage, Jackson street, by Dr. Clark Crawford, Saturday evening was solemnized the marriage of John W. Souders and Miss Jessie Richards. Both parties are from the city and will make their home here.

Rodgers--Moore.

Harvey W. Rodgers and Miss Lillian Moore were united in marriage last night by Dr. Clark Crawford at the parsonage. The happy couple are well known in this city and will make their future home at 131 Seventh street.

Two Weddings.

On Christmas day at 2 o'clock a marriage will take place in the St. John's Evangelical Lutheran church, and at 5 o'clock the same day a home wedding will take place. Rev. Reinartz will officiate at both ceremonies.

McDonald Was Home.

John McDonald returned from Elwood yesterday for a brief visit with his family in this city. He left this afternoon for Homestead, where he will spend a few days with his brother-in-law, Edward Kuckert.

Home from Columbus.

James McGarry, who is attending the Ohio State University at Columbus, arrived in the city this morning to spend his vacation with his mother.

Went to Saginaw.

Fred Kinney, who has been employed as city editor on a local paper for some time, left yesterday afternoon for Saginaw, Mich.

A Brief Shut Down.

The Taylor, Lee & Smith pottery will take a very brief loaf. The plant will shut down tomorrow night and resume the day after New Year's.

THE END OF THE GASTON-BRUNT CASE REACHED TODAY.

The Jury Stood Seven to Five in Favor of Plaintiff—Will be Retried.

Lisbon, Dec. 21.—(Special.)—The jury in the case of W. K. Gaston, administrator, against George F. Brunt for $10,000 damages disagreed and were discharged shortly before noon today.

It is understood the jury stood seven to 5 in favor of giving the plaintiff some damages.

The case will be retried.

Sixteen ballots were taken and the question of the amount of damages was never voted upon.

A PARTY.

The Well Known Merchant Was Surprised by a Number of Friends Last Evening.

J. J. Rose was very pleasantly surprised at his home on West Grant street last night by a number of his friends, the occasion being his 32d birthday.

The affair was thoroughly enjoyed by all present and Mr. Rose was the recipient of a handsome and valuable lodge emblem in the form of a watch charm. The presentation speech was made by W. A. Davis and was responded to by Mr. Rose in a happy manner.

The evening was spent in music and games, and refreshments were served at a late hour.

EAST END.

MISSIONARY SOCIETY

Of the Second Presbyterian Church Held a Very Interesting Meeting Yesterday.

A very interesting and well attended meeting of the Woman's Missionary society of the Second Presbyterian church was yesterday held at the home of Mrs. S. R. Dixson, St. George street.

Mrs. Rev. J. N. Swan, who recently moved to East End, affiliated with the local society and read a portion of a letter received from her son, Dr. John Swan, respecting his experiences in China during the Boxer uprising. Several other letters were read, among them being one from Mrs. Rev. Cooper, a former member of the society who now resides in Paola, Kansas, and another from Mary Holmes seminary, both of which were well received and seemed to encourage the members in their mission work.

THE FINAL TEST.

At the Plant of the Bridgewater Gas Company, And it Was Satisfactory.

The work of making the test at the Bridgewater Gas company's plant, East End, will be completed today, and so far the experiments were beyond the expectations of those interested.

This is the second and final test that has been made at the plant, the other having been made last July. The entire winter will be devoted to the task of reducing the material used in the manufacture of gas to a minimum.

President Green, of the company, was here from Pittsburg yesterday, and he, together with the expert from Ft. Wayne, are more than satisfied with the manner in which the various experiments resulted.

JAMES MORGAN,

The Injured Conductor Will Now Recover Unless Something Unforseen Happens.

Conductor Morgan is better today, having passed a very good night. The injured man's hip and right leg are very sore and he is unable to move without assistance. Unless something unlooked for develops Morgan will recover.

To Light Up Tonight.

The two additional street lamps taken to the East End yesterday will be put up today. Lighter Jackson finds it somewhat difficult to cover the territory taken in by the lamps, and so much time is required in the work that some of the lamps are lighted as early as 4 o'clock in the afternoon.

Ready Settlement.

D. F. White, of the East End, solicitor for the Protected Home Circle, yesterday received the sum of $1,000 for the daughter of Henry J. Pritchard, Mrs. John Smith, and passed the same over to the lady today. The P. H. C. attends to legitimate death settlements with very commendable promptness.

Going South.

Oliver Howell wil leave tomorrow morning for Woodfield, where he will spend several days visiting relatives.

Much Improved.

Miss Grace Strain, of St. George street, is recovering from an attack of typhoid fever.

THE TRIO WENT TO THE PENITENTIARY

Sheriff Noragon Started For Columbus With Reaves, Hopkins and Reynolds.

THEY WILL ALL DO TIME

A Demurrer In the Case of George Knowles Against the City Overruled.

A SUBJECT FOR THE HOSPITAL

Lisbon, Dec. 21.—(Special.)—Sheriff Noragon left for Columbus this morning having in charge Edward L. Reynolds, Robert Hopkins and Jack Reaves, of East Liverpool, and Frank Blackburn, of this place, all of whom have been sentenced to the penitentiary.

Catherine Mackintosh was given judgment on a promissory note for $583 50 against Wesley Wells et al.

A demurrer filed by Solicitor W. K. Gaston in the case of George Knowles against the city of East Liverpool was overruled. Knowles wants judgment against the city for $1,200 for injury to his property.

Judge Boone has adjudged Rosa Winters, of East Liverpool, to be a fit subject for the Ohio Hospital for Epileptics at Gallipolis.

Married Saturday Night.

At the First M. E. parsonage, Jackson street, by Dr. Clark Crawford, Saturday evening was solemnized the marriage of John W. Souders and Miss Jessie Richards. Both parties are from the city and will make their home here.

Rodgers--Moore.

Harvey W. Rodgers and Miss Lillian Moore were united in marriage last night by Dr. Clark Crawford at the parsonage. The happy couple are well known in this city and will make their future home at 131 Seventh street.

Two Weddings.

On Christmas day at 2 o'clock a marriage will take place in the St. John's Evangelical Lutheran church, and at 5 o'clock the same day a home wedding will take place. Rev. Reinartz will officiate at both ceremonies.

McDonald Was Home.

John McDonald returned from Elwood yesterday for a brief visit with his family in this city. He left this afternoon for Homestead, where he will spend a few days with his brother-in-law, Edward Kuckert.

Home from Columbus.

James McGarry, who is attending the Ohio State University at Columbus, arrived in the city this morning to spend his vacation with his mother.

Went to Saginaw.

Fred Kinney, who has been employed as city editor on a local paper for some time, left yesterday afternoon for Saginaw, Mich.

A Brief Shut Down.

The Taylor, Lee & Smith pottery will take a very brief loaf. The plant will shut down tomorrow night and resume the day after New Year's.

Corrected the Census.

When the census of Ohio was announced the population of Washingtonville, this county, was given at 2,492. This was incorrect and the population of the village is 1,092, of which 823 live in Columbiana and 269 in Mahoning.

The mistake was made by the fact that the totals of the city and township were reversed.

TRENTON POTTERIES

Are Very Busy And the Customary Holiday Vacation Will be Cut Very Short This Year.

Trenton True American.

The customary holiday vacations in the potteries will be cut very short this year. Business in the general ware potteries is exceedingly brisk and the outlook is very promising for a handsome trade next year.

It has been the custom in past years to shut down the potteries for the week between Christmas and New Year's Day. During this shut down, stock taking was in order. Sometimes a vacation of several weeks was the order.

Many of the potteries are so busy this year that the week for stock taking will not be observed. In some instances the potteries will close for only two days—Chrismas and New Years.

The sanitary shops, which are not very busy, are likely to close for a longer period than the week. The year has not been a very big one in the sanitary line, owing, it is said, to the labor troubles in the west and the general slump in building.

WHAT IT COSTS

A YOUNG MAN TO GO THROUGH COLLEGE.

Some Very Interesting Figures for Local Boys Who Desire to Get an Education.

For the purpose of determining accurately what it costs the average man to go through college, the members of the senior class of one of our best colleges in the middle west were recently asked to submit itemized accounts of what their expenditures had been during their course. A glance at the figures is proof that one can go through college on his own resources. Out of four living at home in the city, three estimated the cost at $500, and one as high as $700. Eleven others, whose homes are outside of the city, submitted estimates ranging from $1,200 to $1,740. Of these the following is the lowest and covers all necessary expenditures:

Board	$120 00
Room	35 00
Washing	20 00
Oil	4 00
Books	20 00
College bills	85 00
Laboratory fees	8 00
College publications	2 00
Street car fare	4 00
Foot ball games	2 00
Total for one year	$300 00

Making the entire expense for four years, $1,200.

The highest account rendered was as follows:

Board	$120 00
Room	40 00
College bills	75 00
Books, fees, clothing, traveling, etc	200 00
Total for one year	$435 00

Making the entire expense for four years $1,740.

Neither of the students whose statements are given above attempted in any way to assist himself. Had they done so, many of the items could have been entirely wiped out and the rest partially so, leaving a smaller total.

Of more interest to the self-supporting student will be the following accounts, rendered by men who have been thrown entirely upon their own resources to secure an education. One student says:

"My expenditures and earnings during my four years' course have been as follows:

Expenses—	
First year	$165 00
Second year	175 00
Third year	170 00
Fourth year	170 00
Total expenses	$680 00
Earnings—	
First year	$ 65 00
Second year	75 00
Third year	190 00
Fourth year	140 00
Total earnings	$470 00

"I have paid but part of board bill, living at home in the city."

Another student rendered the following account:

"During my freshmen year my expenses were divided as follows:

Board, room and washing	$200 00
College bill (I have a $30 scholarship)	60 00
Required books	12 00
Clothing	25 00
Sundries	50 00
Total Expenditures	$347 00

"During this year I earned $50 in prizes. In my sophomore year I earned, by office work, $175. My expenses for that year were as follows:

Board, room washing, etc	$225 00
College bills	50 00
Books	15 00
Incidentals, including clothing and railroad fare	125 00
Total	$415 00

"At the beginning of my junior year I came back with $100, earned during the summer vacation. During the year I was able to earn $300 more by office work. My expenses during my junior and senior years were about $480 each year, divided between board, room, college bills, etc. My earnings during the last summer vacation and my senior year have amounted to about $650."

It will be seen that this man was able, by reason of special ability for office work, to earn over $1,200 during the last three years of his course, not having attempted to earn anything the first year. It is also evident that he had neither scant raiment nor scant living.

WHAT IT COSTS

A YOUNG MAN TO GO THROUGH COLLEGE.

Some Very Interesting Figures for Local Boys Who Desire to Get an Education.

For the purpose of determining accurately what it costs the average man to go through college, the members of the senior class of one of our best colleges in the middle west were recently asked to submit itemized accounts of what their expenditures had been during their course. A glance at the figures is proof that one can go through college on his own resources. Out of four living at home in the city, three estimated the cost at $500, and one as high as $700. Eleven others, whose homes are outside of the city, submitted estimates ranging from $1,200 to $1,740. Of these the following is the lowest and covers all necessary expenditures:

Board	$120 00
Room	35 00
Washing	20 00
Oil	4 00
Books	20 00
College bills	85 00
Laboratory fees	8 00
College publications	2 00
Street car fare	4 00
Foot ball games	2 00
Total for one year	$300 00

Making the entire expense for four years, $1,200.

The highest account rendered was as follows:

Board	$120 00
Room	40 00
College bills	75 00
Books, fees, clothing, traveling, etc	200 00
Total for one year	$435 00

Making the entire expense for four years $1,740.

Neither of the students whose statements are given above attempted in any way to assist himself. Had they done so, many of the items could have been entirely wiped out and the rest partially so, leaving a smaller total.

Of more interest to the self-supporting student will be the following accounts, rendered by men who have been thrown entirely upon their own resources to secure an education. One student says:

"My expenditures and earnings during my four years' course have been as follows:

Expenses—	
First year	$165 00
Second year	175 00
Third year	170 00
Fourth year	170 00
Total expenses	$680 00
Earnings—	
First year	$ 65 00
Second year	75 00
Third year	190 00
Fourth year	140 00
Total earnings	$470 00

"I have paid but part of board bill, living at home in the city."

Another student rendered the following account:

"During my freshmen year my expenses were divided as follows:

Board, room and washing	$200 00
College bill (I have a $30 scholarship)	60 00
Required books	12 00
Clothing	25 00
Sundries	50 00
Total Expenditures	$347 00

"During this year I earned $50 in prizes. In my sophomore year I earned, by office work, $175. My expenses for that year were as follows:

Board, room washing, etc	$225 00
College bills	50 00
Books	15 00
Incidentals, including clothing and railroad fare	125 00
Total	$415 00

"At the beginning of my junior year I came back with $100, earned during the summer vacation. During the year I was able to earn $300 more by office work. My expenses during my junior and senior years were about $480 each year, divided between board, room, college bills, etc. My earnings during the last summer vacation and my senior year have amounted to about $650."

It will be seen that this man was able, by reason of special ability for office work, to earn over $1,200 during the last three years of his course, not having attempted to earn anything the first year. It is also evident that he had neither scant raiment nor scant living.

THEY MUST PAY.

Brewing Companies Must Pay the Dow Tax in Counties in Which They Do Business.

Prosecuting Attorney A. C. Lewis, of Jefferson county, received word announcing that the United States supreme court had affirmed the former decision in the case of the Reyman Brewing company versus H. S. Bristor, treasurer of Jefferson county.

This means that the brewing company must pay the Dow tax in Jefferson county. Treasurer Bristor seized their property at the cold storage plant in Steubenville because they did not pay the tax claimed, amounting to $800.

The brewing company obtained a temporary injunction in the United States circuit court at Cincinnati, restraining the treasurer from collecting the tax. On a final hearing the injunction was dissolved and the brewing company then carried the case to the supreme court, which has now affirmed the decision dissolving the injunction.

Hanover Saloon Case.

Lisbon, Dec. 21.—(Special.)—A hearing was had in the case of Joseph Faloon, Hanover township, against Emmon Bettis, on a motion to enjoin defendant from squandering and disposing of the assets of a saloon in Hanoverton, jointly owned by the parties to the suit.

Judge Hole appointed Taylor Temple as receiver to take charge of affairs pending a settlement.

An injunction was also issued restraining Bettis from disposing of the property.

Calendars for 1901 Are Being Distributed And Announce Beginning of Twentieth Century.

Calendars for 1901 are being distributed by insurance agents and merchants. They are printed about the size of those for ordinary years, although it is the first year of the twentieth century.

Washington's birthday will come on Friday, and the Fourth of July on Thursday. There will be 365 days in the year.

A century is a long time—long enough for three times the present population of the earth to die. A very few old men and women born next year may be living when the year 2000 is ushered into being. What manner of people will be, and what forms of government they may have is a subject for speculation.

They will have the advantage of us, as printing will preserve our history in its fullest particulars.

No. 660.

N ORDINANCE granting the right of way to Golding & Sons, to construct and maintain a side track over and across West street.

Section 1. Be it ordained by the City Council of the City of East Liverpool, Ohio, that the right of way be, and is hereby granted to Golding & Sons, to locate and construct a railway side-track and thereafter to maintain the same, over and across West street of said city on the red line marked "B" as delineated on the plat on file in the City Clerk's office and marked, "Two passable sidings for Golding & Sons." Said side-track shall be laid and kept to conform to the grade of said street at the place it is laid.

Section 2. Said right is granted on condition that said Golding & Sons plank, and keep planked, the track between the rails, and also on each side of the rails where necessary, to the satisfaction of the Council of said City. And that they construct necessary crossing, sewers or drains where the track crosses street or sidewalk, and that said planking, sewers and drains be maintained in proper repair.

Section 3. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 11th day of December, 1900.

No. 661.

N ORDINANCE to assess a special tax on the real estate bounding and abutting on Rural lane, between West Market street and Franklin avenue.

Be it ordained by the Council of the City of East Liverpool, Ohio, as follows:

Section 1. That to provide money to pay the cost and expense of improving Rural Lane from West Market street to Franklin Avenue, together with interest on bonds issued, according to the estimate of the City Engineer on file, there be levied and assessed on each of the several lots or parcels of land abutting and bounding on Rural Lane between the points above named, for each foot frontage of each of the said several lots for each and every year, the several sums as they are named, stated and set forth.

For the year 1901, thirty-five (35) cents and four (4) mills; for the year 1902, thirty-five (35) cents and four (4) mills; for the year 1903, thirty-five (35) cents and four (4) mills; for the year 1904, thirty-five (35) cents and four (4) mills; for the year 1905, thirty-five (35) cents and four (4) mills.

Section 2. That the owners of the several lots of land herein assessed shall pay the annual installments of their said assessments to the City Clerk on or before the first (1) day of September of each year of the said several years as set forth above, or be subject to interest and penalty as allowed by law. And in case of default of payment, as herein provided, the City Clerk shall forthwith certify all unpaid assessments to the County Auditor to be placed on the tax duplicate for collection.

Section 3. That in anticipation of the collection of such assessments and to provide money for the immediate payment of the cost and expense of said improvement, the Mayor and City Clerk be, and they are hereby authorized to issue five (5) bonds as follows: One bond for the sum of four hundred and thirty-three ($433.00) dollars to run one (1) year from the day of the date thereof; one bond for the sum of four hundred and fifty-nine ($459.00) dollars to run two (2) years from the day of the date thereof; one bond for the sum of four hundred and eighty-six ($486 00) dollars to run three (3) years from the day of the date thereof; one bond for the sum of five hundred and sixteen ($516.00) dollars to run four (4) years from the day of the date thereof; one bond for the sum of five hundred and forty-six ($546.00) dollars to run five (5) years from the day of the date thereof. The said bonds shall bear interest at the rate of six (6) per cent per annum, payable annually, and the said bonds, with the interest thereon shall be payable at the City Treasurer's office. The said bonds shall be designated "Rural Lane Improvement Bonds," and shall be signed by the aforesaid city officials and sold by them under the direction of the finance committee, for not less than the par value thereof. The proceeds of the said bonds, when received, shall be placed in the city treasury and applied by Council to pay the cost and expense of the said improvement, and to no other purpose whatsoever; and for the payment of the said bonds with the interest thereon, the revenue and faith and real estate and personal property of the said city are hereby pledged; provided, that if any of the property owners on the said lane will pay the whole of the said installments, less the interest on deferred payments, the money so paid shall be applied to pay the cost and expense of the said improvement, and the amount of the bond issue shall be determined by deducting the amount of money so paid from the total amount of money to be provided, and the bond issue shall provide money for the unpaid remainder payable with interest at the times and in the manner aforesaid.

Section 4. That the annual installments, when collected, shall be placed in the sinking fund and applied to the payment of the said bonds with the interest thereon as the same shall become due, and to no other purpose whatsoever.

Section 5. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 11th day of December, 1900.

The said bonds shall bear interest at the rate of six (6) per cent per annum, payable annually, and the said bonds, with the interest thereon shall be payable at the City Treasurer's office. The said bonds shall be designated "Rural Lane Improvement Bonds," and shall be signed by the aforesaid city officials and sold by them under the direction of the finance committee, for not less than the par value thereof. The proceeds of the said bonds, when received, shall be placed in the city treasury and applied by Council to pay the cost and expense of the said improvement, and to no other purpose whatsoever; and for the payment of the said bonds with the interest thereon, the revenue and faith and real estate and personal property of the said city are hereby pledged; provided, that if any of the property owners on the said lane will pay the whole of the said installments, less the interest on deferred payments, the money so paid shall be applied to pay the cost and expense of the said improvement, and the amount of the bond issue shall be determined by deducting the amount of money so paid from the total amount of money to be provided, and the bond issue shall provide money for the unpaid remainder payable with interest at the times and in the manner aforesaid.

Section 4. That the annual installments, when collected, shall be placed in the sinking fund and applied to the payment of the said bonds with the interest thereon as the same shall become due, and to no other purpose whatsoever.

Section 5. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 11th day of December, 1900.

A NEW THING.

A COMBINATION PASSENGER AND BAGGAGE COACH.

It Will Probably Not Meet With Favor in This City, Especially on Rainy Days.

The Cleveland & Pittsburg railroad yesterday afternoon on the train due in this city at 3:50 o'clock had a baggage car and a day coach attached to the rear of the train for baggage and passengers going down the river.

This is done for the purpose of saving time at Wellsville, but will probably not prove satisfactory at this place, as on rainy days it is necessary to leave the baggage on trucks under the shed and the train will be delayed until the main line bagage is loaded and the baggage for the river division taken to the car and loaded.

If the company continue to carry the cars in the rear of the train it will be necessary to place an extra man at the baggage room.

OUR NEW DAM.

CONGRESS WILL APPROPRIATE A LARGE SUM.

The Bill Will Go Before the House of Representatives Before the Holiday Adjournment.

East Liverpool is now almost sure of the dam, as the revised work of the committee still appropriates money for dam No. 8. A Washington dispatch says:

The bill in addition authorizes the secretary of war to make contracts for future work on the three dams, numbered 8, 11 and 14, on the Ohio to a limit of $250,000 each or $750,000 in all, and carries a similar authorization as to dam No. 39 to a limit of $950,000. The total cost of the three dams first mentioned is limited to $550,000 each.

On the Ohio river, for the purchase of land and preliminary work on dams numbered 8, 11 and 14, $150,000; for dam No. 39, the last of the series, at Cullom's Riffle, below Cincinnati, for purchase of land and preliminary work, $100,000. For maintenance, dredging, new surveys, etc., on the Ohio, $400,000.

What Is More Practical

For a Christmas present than something useful for the home? It will be an emphatic reminder every day in the year.

COUCHES

make useful and satisfactory presents for anyone.

We have fifty styles in leather and cloth. Everything new in colors and figures.

ROCKERS.

are always right; you never get too. many of them in the home. We have too many styles to attempt to enumerate them. Look them over.

CARPET SWEEPERS.

are inexpensive and always appreciated. The Bissell Cyco sweeper is the best in the market and is sold and used the world over.

Our stock of Parlor and Bed Room Furniture is the largest in the county.

New and pretty designs in Combination Book Cases and Sideboards.

New Rugs, New Pictures, New Mirrors; plenty of new and handsome things at

FRANK CROOK'S

OUR NEW DAM.

CONGRESS WILL APPROPRIATE A LARGE SUM.

The Bill Will Go Before the House of Representatives Before the Holiday Adjournment.

East Liverpool is now almost sure of the dam, as the revised work of the committee still appropriates money for dam No. 8. A Washington dispatch says:

The bill in addition authorizes the secretary of war to make contracts for future work on the three dams, numbered 8, 11 and 14, on the Ohio to a limit of $250,000 each or $750,000 in all, and carries a similar authorization as to dam No. 39 to a limit of $950,000. The total cost of the three dams first mentioned is limited to $550,000 each.

On the Ohio river, for the purchase of land and preliminary work on dams numbered 8, 11 and 14, $150,000; for dam No. 39, the last of the series, at Cullom's Riffle, below Cincinnati, for purchase of land and preliminary work, $100,000. For maintenance, dredging, new surveys, etc., on the Ohio, $400,000.

Card of Thanks.

The family of the late Jacob G. Schenkel desire to return their sincere and heartfelt thanks for the many unselfish kindnesses and expressions of sympathy extended to them during their late sad bereavement in the loss of a beloved husband and father. Especially do they return thanks to the Knights of the Golden Eagle, to the Ladies Temple, the Royal Arcanum, the Woman's Christian Temperance union, the Christian Endeavorers, the choir of the Methodist Protestant church, the officials and coworkers of the Prudential Insurance company, Mr. George Smith, baggage master of the C. & P. railroad, the many dear friends and kind neighbors, and to the ministers of the gospel, Drs. Illustrated Hints

For Frugal Holiday Shoppers.

Something Useful for Every Kid
From 3 to 93 Years Old.

Every storekeeper can have, may have, the lowest prices, the finest assortment, the best values--IN PRINT--but it's a different matter when you reach the respective stores. Some merchants, as you know--aren't quite as particular as they might be in advertising statements. At the time when most folks try to make the dollars go as far as possible, holiday shopping days, we make this fair proposition, which should be appreciated by all desiring boys' or men's Clothing, Furnishings, Hats, Caps, Trunks, Satchels, Jewelry, Etc. That each purchase is considered on approval only, for forty-eight hours, during which time the purchaser has the privilege of pricing, comparing elsewhere, and unless the articles bought here are found to be better at the same price, or just as good at a lower price, they may be returned within the time designated and money will be cheerfully refunded. All of which demonstrates our sincerity and our confidence in supplying your wants more satisfactorily than ever before.

Respectfully,

Wm. Erlanger & Co.

PRESENTS FROM US TO EACH CUSTOMER.

On Tomorrow, Saturday, December 22nd, all day and until 12 o'clock at night, WE WILL DISTRIBUTE, FREE, with our compliments and best wishes for a Merry Christmas, a

THE EVENING NEWS REVIEW.

16TH YEAR. NO. 165. EAST LIVERPOOL, O., FRIDAY, DECEMBER 21, 1900. TWO CENTS.

MANAGER HEALY ON THE STAND

He Told What He Knew About the Equipment of the Wrecked Car.

CONSIDERED IT AS SAFE

As Any Car on the East Liverpool Line and Was Well Equipped.

INQUEST CONTINUED TOMORROW

The hearing of testimony in the Christie inquest was resumed by Acting Coroner Rose yesterday afternoon at a few minutes after 3 o'clock.

George Bettridge, a member of the fire department, was the first witness called at the afternoon hearing, and he testified as follows: He was out repairing wires when the alarm came in and arrived at the scene of the wreck at a little after 3 o'clock. He helped rescue Mrs. McKinnon and her daughter and then turned his attention to the conductor. When Morgan had been taken out witness had helped to remove the body of Christie. There was no sign of life about the body of the motorman, and from the appearance of his eyes, which were dull and glossy, he judged he was dead. He knew the conductor was living when taken from the wreck, as he was heard to say, "Oh, my leg, my leg."

Dr. W. R. Clark was the next witness and said: "I have had occasion to ride the Calcutta extension several times, and was up the hill the Friday before the accident. I arrived at the top of the hill on the return trip before the time for the car to begin the ascent of the hill. Motorman Christie and I had a conversation on that occasion respecting the safety of the line. The motorman said there was no danger on ordinary occasions, but that on wet days much sand was used. He spoke of one day not long before when 30 buckets of sand was used. I considered Motorman Christie one of the most careful men on the line."

Mr. Healy was sworn and testified that he was manager of the East Liverpool street railway; had occupied that position since May, 1898. When he assumed control there were 10 cars in use. There had been 13 cars placed on the line since he came. No. 7 was one of the 10 that had been originally on the line. He didn't know whether it was a horse car when it had been received here, as he was not on the line at the time. When he assumed control there was in use on the line 25, 30 and 35 horse-power motors—two of each to every car.

No. 7 had been abandoned for quite a while for the reason that the company had better car bodies, but was brought into use again when the Rock Springs line was started. When it was decided to put the car on the Calcutta road extension, No. 7 was fitted out with an electrical apparatus and running gear that had been used on their summer cars. The equipment had been used for two summer seasons and was comparatively new. Two new 35 horse-power Westinghouse motors, No. 49, was placed on the car and all went to make up the newest and best outfit at the command of the company then. The car was supposed to have the best brake made. The brake handle was after the same model which the motormen had demanded over a year ago. The only part of the car which was old was the wooden structure. The increased horse-power in the motors was no advantage on an ice track. The piece of timber as a precaution against accident had been put on at his order. He had expected when the safety was adopted that the wheels would run upon the timber and stop the car in case it got beyond control, but no provision was made for the prevension of accident in case the wheels became locked. When the wheels were locked it was calculated to invite danger, and when this condition prevailed any motorman knew that he had lost control of the car. It was evident from what had transpired that the improvised obstruction had not served the purpose for which it was intended on last Monday. He did not know that it did not act; neither was he aware that it did. Witness admitted that the track had been located a number of times before it was finally settled where it should go. No cut out switches had been placed on this line. Dr. Ikirt asked if it had not been the original intention to put cut-offs on this extention. Attorney Brookes objected to the question and some considerable discussion took place concerning the competency of the query. The court finally instructed the witness to answer, and Attorney Brookes advised him not to. Therefore, it was left unanswered. However, Healy said the result of Monday's disaster would not have been different if there had been cut-off switches.

Manager Healy here described the per cent of grade at various points from the top of the hill to the curve above Walnut street. The curve was a sharp one, but he was not able to tell the angle. The outer rail, in his opinion, was elevated very little, if any, although he admitted that the track was placed in the road before the paving was done. In answer to a question of Dr. Ikirt as to whether it was not customary to elevate the outer rail at a sharp curve, Mr. Healy said it was not, as the modern custom was to place a guard rail about the turn, which had been done at the point in question. On Monday the car was going too fast for the guard rail to be effective. Had the car remained on the track and made the turn the manager was unable to say what the probable result would have been. When asked witness stated that a double truck car was larger and heavier, but there was no mechanical reason why a double truck car would be less liable to go off the track at a curve. He considered that car No. 7 was equipped with improved modern machinery. He admitted, however, that the log brake was not a modern appliance, but they had reason to believe it would hold a car with considerable weight and momentum behind it. It had failed to serve the purpose for which it was intended on Monday afternoon.

Witness was here examined by Attorney Brookes, and in answer to a question said the timber was placed upon the car only as additional security against accident. He didn't know of any better or safer appliance. He made the assertion that there was nothing known to mechanical science that would have stopped the car that day. He knew nothing better than the tie. In his estimation a double truck car would weigh 1,000 pounds more than a single one. There was no more protection in a double truck arrangement than the other. The city engineer had located the track

DOC. LEYDE HAD HIS HEARING

Mayor Davidson Decided That He Was Guilty and He Was Fined

FOR STRIKING THE BRYAN BOY

Another Unfortunate Didn't Behave Himself Properly and Was Place Under Arrest.

ONE SLEEPER WAS RUN IN

Doc Leyde, who was arrested yesterday on a charge of assault and battery, preferred by Edward Bryan, had his trial yesterday afternoon. Andy Price was with Bryan at the time the assault was made and they both testified that they were passing bills and had thrown one in the building occupied by Leyde. Young Bryan went back for the purpose of straightening the bill when Leyde came up the steps and struck him with his cane. Leyde was fined $5 and costs.

Linsey Roberts was arrested last night on Sixth street for using profane language. He was taken to city hall and when he faced the mayor pleaded guilty and was fined $5 60 and was released.

James McCarney, who was arrested by Fireman Wood yesterday for using the sidewalk as a bed, was given a hearing and fined $5 60. McCarney had $3 85 in his pocket when arrested. He wants his money and will lay his fine out.

JURY DISAGREED.

THE END OF THE GASTON-BRUNT CASE REACHED TODAY.

The Jury Stood Seven to Five in Favor of Plaintiff—Will be Retried.

Lisbon, Dec. 21.—(Special.)—The jury in the case of W. K. Gaston, administrator, against George F. Brunt for $10,000 damages disagreed and were discharged shortly before noon today.

It is understood the jury stood seven to 5 in favor of giving the plaintiff some damages.

The case will be retried.

Sixteen ballots were taken and the question of the amount of damages was never voted upon.

A PARTY.

The Well Known Merchant Was Surprised by a Number of Friends Last Evening.

J. J. Rose was very pleasantly surprised at his home on West Grant street last night by a number of his friends, the occasion being his 32d birthday.

The affair was thoroughly enjoyed by all present and Mr. Rose was the recipient of a handsome and valuable lodge emblem in the form of a watch charm. The presentation speech was made by W. A. Davis and was responded to by Mr. Rose in a happy manner.

The evening was spent in music and games, and refreshments were served at a late hour.

EAST END.

MISSIONARY SOCIETY

Of the Second Presbyterian Church Held a Very Interesting Meeting Yesterday.

A very interesting and well attended meeting of the Woman's Missionary society of the Second Presbyterian church was yesterday held at the home of Mrs. S. R. Dixson, St. George street.

Mrs. Rev. J. N. Swan, who recently moved to East End, affiliated with the local society and read a portion of a letter received from her son, Dr. John Swan, respecting his experiences in China during the Boxer uprising. Several other letters were read, among them being one from Mrs. Rev. Cooper, a former member of the society who now resides in Paola, Kansas, and another from Mary Holmes seminary, both of which were well received and seemed to encourage the members in their mission work.

THE FINAL TEST.

At the Plant of the Bridgewater Gas Company, And it Was Satisfactory.

The work of making the test at the Bridgewater Gas company's plant, East End, will be completed today, and so far the experiments were beyond the expectations of those interested.

This is the second and final test that has been made at the plant, the other having been made last July. The entire winter will be devoted to the task of reducing the material used in the manufacture of gas to a minimum.

President Green, of the company, was here from Pittsburg yesterday, and he, together with the expert from Ft. Wayne, are more than satisfied with the manner in which the various experiments resulted.

JAMES MORGAN,

The Injured Conductor Will Now Recover Unless Something Unforseen Happens.

Conductor Morgan is better today, having passed a very good night. The injured man's hip and right leg are very sore and he is unable to move without assistance. Unless something unlooked for develops Morgan will recover.

To Light Up Tonight.

The two additional street lamps taken to the East End yesterday will be put up today. Lighter Jackson finds it somewhat difficult to cover the territory taken in by the lamps, and so much time is required in the work that some of the lamps are lighted as early as 4 o'clock in the afternoon.

Ready Settlement.

D. F. White, of the East End, solicitor for the Protected Home Circle, yesterday received the sum of $1,000 for the daughter of Henry J. Pritchard, Mrs. John Smith, and passed the same over to the lady today. The P. H. C. attends to legitimate death settlements with very commendable promptness.

Going South.

Oliver Howell wil leave tomorrow morning for Woodfield, where he will spend several days visiting relatives.

Much Improved.

Miss Grace Strain, of St. George street, is recovering from an attack of typhoid fever.

THE TRIO WENT TO THE PENITENTIARY

Sheriff Noragon Started For Columbus With Reaves, Hopkins and Reynolds.

THEY WILL ALL DO TIME

A Demurrer In the Case of George Knowles Against the City Overruled.

A SUBJECT FOR THE HOSPITAL

Lisbon, Dec. 21.—(Special.)—Sheriff Noragon left for Columbus this morning having in charge Edward L. Reynolds, Robert Hopkins and Jack Reaves, of East Liverpool, and Frank Blackburn, of this place, all of whom have been sentenced to the penitentiary.

Catherine Mackintosh was given judgment on a promissory note for $583 50 against Wesley Wells et al.

A demurrer filed by Solicitor W. K. Gaston in the case of George Knowles against the city of East Liverpool was overruled. Knowles wants judgment against the city for $1,200 for injury to his property.

Judge Boone has adjudged Rosa Winters, of East Liverpool, to be a fit subject for the Ohio Hospital for Epileptics at Gallipolis.

Married Saturday Night.

At the First M. E. parsonage, Jackson street, by Dr. Clark Crawford, Saturday evening was solemnized the marriage of John W. Souders and Miss Jessie Richards. Both parties are from the city and will make their home here.

Rodgers--Moore.

Harvey W. Rodgers and Miss Lillian Moore were united in marriage last night by Dr. Clark Crawford at the parsonage. The happy couple are well known in this city and will make their future home at 131 Seventh street.

Two Weddings.

On Christmas day at 2 o'clock a marriage will take place in the St. John's Evangelical Lutheran church, and at 5 o'clock the same day a home wedding will take place. Rev. Reinartz will officiate at both ceremonies.

McDonald Was Home.

John McDonald returned from Elwood yesterday for a brief visit with his family in this city. He left this afternoon for Homestead, where he will spend a few days with his brother-in-law, Edward Kuckert.

Home from Columbus.

James McGarry, who is attending the Ohio State University at Columbus, arrived in the city this morning to spend his vacation with his mother.

Went to Saginaw.

Fred Kinney, who has been employed as city editor on a local paper for some time, left yesterday afternoon for Saginaw, Mich.

A Brief Shut Down.

The Taylor, Lee & Smith pottery will take a very brief loaf. The plant will shut down tomorrow night and resume the day after New Year's.

in its present position and his company simply conformed to his lines. The brakes on this car were in perfect order and the witness had no reason to believe that an air brake would have been any more effective than the one in use at the time.

Dr. R. J. Marshall was the last witness called, but nothing of any consequence was made from his testimony, as he had only been at the scene of the wreck as a spectator and arrived too late to make any observations that would be of material benefit to either side.

The acting coroner adjourned the inquest until such time as depositions could be secured from Mrs. McKinnon, Mrs. Smith, Mrs. McKee and Conductor Morgan.

TRENTON POTTERIES

Are Very Busy And the Customary Holiday Vacation Will be Cut Very Short This Year.

Trenton True American.

The customary holiday vacations in the potteries will be cut very short this year. Business in the general ware potteries is exceedingly brisk and the outlook is very promising for a handsome trade next year.

It has been the custom in past years to shut down the potteries for the week between Christmas and New Year's Day. During this shut down, stock taking was in order. Sometimes a vacation of several weeks was the order.

Many of the potteries are so busy this year that the week for stock taking will not be observed. In some instances the potteries will close for only two days—Chrismas and New Years.

The sanitary shops, which are not very busy, are likely to close for a longer period than the week. The year has not been a very big one in the sanitary line, owing, it is said, to the labor troubles in the west and the general slump in building.

WHAT IT COSTS

A YOUNG MAN TO GO THROUGH COLLEGE.

Some Very Interesting Figures for Local Boys Who Desire to Get an Education.

For the purpose of determining accurately what it costs the average man to go through college, the members of the senior class of one of our best colleges in the middle west were recently asked to submit itemized accounts of what their expenditures had been during their course. A glance at the figures is proof that one can go through college on his own resources. Out of four living at home in the city, three estimated the cost at $500, and one as high as $700. Eleven others, whose homes are outside of the city, submitted estimates ranging from $1,200 to $1,740. Of these the following is the lowest and covers all necessary expenditures:

Board	$120 00
Room	35 00
Washing	20 00
Oil	4 00
Books	20 00
College bills	85 00
Laboratory fees	8 00
College publications	2 00
Street car fare	4 00
Foot ball games	2 00
Total for one year	$300 00

Making the entire expense for four years, $1,200.

The highest account rendered was as follows:

Board	$120 00
Room	40 00
College bills	75 00
Books, fees, clothing, traveling, etc	200 00
Total for one year	$435 00

Making the entire expense for four years $1,740.

Neither of the students whose statements are given above attempted in any way to assist himself. Had they done so, many of the items could have been entirely wiped out and the rest partially so, leaving a smaller total.

Of more interest to the self-supporting student will be the following accounts, rendered by men who have been thrown entirely upon their own resources to secure an education. One student says:

"My expenditures and earnings during my four years' course have been as follows:

Expenses—	
First year	$165 00
Second year	175 00
Third year	170 00
Fourth year	170 00
Total expenses	$680 00
Earnings—	
First year	$ 65 00
Second year	75 00
Third year	190 00
Fourth year	140 00
Total earnings	$470 00

"I have paid but part of board bill, living at home in the city."

Another student rendered the following account:

"During my freshmen year my expenses were divided as follows:

Board, room and washing	$200 00
College bill (I have a $30 scholarship)	60 00
Required books	12 00
Clothing	25 00
Sundries	50 00
Total Expenditures	$347 00

"During this year I earned $50 in prizes. In my sophomore year I earned, by office work, $175. My expenses for that year were as follows:

Board, room washing, etc	$225 00
College bills	50 00
Books	15 00
Incidentals, including clothing and railroad fare	125 00

I came back with $100, earned during the summer vacation. During the year I was able to earn $300 more by office work. My expenses during my junior and senior years were about $480 each year, divided between board, room, college bills, etc. My earnings during the last summer vacation and my senior year have amounted to about $650."

It will be seen that this man was able, by reason of special ability for office work, to earn over $1,200 during the last three years of his course, not having attempted to earn anything the first year. It is also evident that he had neither scant raiment nor scant living.

THEY MUST PAY.

Brewing Companies Must Pay the Dow Tax in Counties in Which They Do Business.

Prosecuting Attorney A. C. Lewis, of Jefferson county, received word announcing that the United States supreme court had affirmed the former decision in the case of the Reyman Brewing company versus H. S. Bristor, treasurer of Jefferson county.

This means that the brewing company must pay the Dow tax in Jefferson county. Treasurer Bristor seized their property at the cold storage plant in Steubenville because they did not pay the tax claimed, amounting to $800.

The brewing company obtained a temporary injunction in the United States circuit court at Cincinnati, restraining the treasurer from collecting the tax. On a final hearing the injunction was dissolved and the brewing company then carried the case to the supreme court, which has now affirmed the decision dissolving the injunction.

Calendars for 1901 Are Being Distributed And Announce Beginning of Twentieth Century.

Calendars for 1901 are being distributed by insurance agents and merchants. They are printed about the size of those for ordinary years, although it is the first year of the twentieth century.

Washington's birthday will come on Friday, and the Fourth of July on Thursday. There will be 365 days in the year.

A century is a long time—long enough for three times the present population of the earth to die. A very few old men and women born next year may be living when the year 2000 is ushered into being. What manner of people will be, and what forms of government they may have is a subject for speculation.

They will have the advantage of us, as printing will preserve our history in its fullest particulars.

No. 660.

N ORDINANCE granting the right of way to Golding & Sons, to construct and maintain a side track over and across West street.

Section 1. Be it ordained by the City Council of the City of East Liverpool, Ohio, that the right of way be, and is hereby granted to Golding & Sons, to locate and construct a railway side-track and thereafter to maintain the same, over and across West street of said city on the red line marked "B" as delineated on the plat on file in the City Clerk's office and marked, "Two passable sidings for Golding & Sons." Said side-track shall be laid and kept to conform to the grade of said street at the place it is laid.

Section 2. Said right is granted on condition that said Golding & Sons plank, and keep planked, the track between the rails, and also on each side of the rails where necessary, to the satisfaction of the Council of said City. And that they construct necessary crossing, sewers or drains where the track crosses street or sidewalk, and that said planking, sewers and drains be maintained in proper repair.

Section 3. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 11th day of December, 1900.
DR. R. J. MARSHALL,
President of Council.

Attest:
J. N. HANLEY, City Clerk.

No. 661.

N ORDINANCE to assess a special tax on the real estate bounding and abutting on Rural lane, between West Market street and Franklin avenue.

Be it ordained by the Council of the City of East Liverpool, Ohio, as follows:

Section 1. That to provide money to pay the cost and expense of improving Rural Lane from West Market street to Franklin Avenue, together with interest on bonds issued, according to the estimate of the City Engineer on file, there be levied and assessed on each of the several lots or parcels of land abutting and bounding on Rural Lane between the points above named, for each foot frontage of each of the said several lots for each and every year, the several sums as they are named, stated and set forth.

For the year 1901, thirty-five (35) cents and four (4) mills; for the year 1902, thirty-five (35) cents and four (4) mills; for the year 1903, thirty-five (35) cents and four (4) mills; for the year 1904, thirty-five (35) cents and four (4) mills; for the year 1905, thirty-five (35) cents and four (4) mills.

Section 2. That the owners of the several lots of land herein assessed shall pay the annual installments of their said assessments to the City Clerk on or before the first (1) day of September of each year of the said several years as set forth above, or be subject to interest and penalty as allowed by law. And in case of default of payment, as herein provided, the City Clerk shall forthwith certify all unpaid assessments to the County Auditor to be placed on the tax duplicate for collection.

Section 3. That in anticipation of the collection of such assessments and to provide money for the immediate payment of the cost and expense of said improvement, the Mayor and City Clerk be, and they are hereby authorized to issue five (5) bonds as follows: One bond for the sum of four hundred and thirty-three ($433.00) dollars to run one (1) year from the day of the date thereof; one bond for the sum of four hundred and fifty-nine ($459.00) dollars to run two (2) years from the day of the date thereof; one bond for the sum of four hundred and eighty-six ($486.00) dollars to run three (3) years from the day of the date thereof; one bond for the sum of five hundred and sixteen ($516.00) dollars to run four (4) years from the day of the date thereof; one bond for the sum of five hundred and forty-six ($546.00) dollars to run five (5) years from the day of the date thereof. The said bonds shall bear interest at the rate of six (6) per cent per annum, payable annually, and the said bonds, with the interest thereon shall be payable at the City Treasurer's office. The said bonds shall be designated "Rural Lane Improvement Bonds," and shall be signed by the aforesaid city officials and sold by them under the direction of the finance committee, for not less than the par value thereof. The proceeds of the said bonds, when received, shall be placed in the city treasury and applied by Council to pay the cost and expense of the said improvement, and to no other purpose whatsoever; and for the payment of the said bonds with the interest thereon, the revenue and faith and real estate and personal property of the said city are hereby pledged; provided, that if any of the property owners on the said lane will pay the whole of the said installments, less the interest on deferred payments, the money so paid shall be applied to pay the cost and expense of the said improvement, and the amount of the bond issue shall be determined by deducting the amount of money so paid from the total amount of money to be provided, and the bond issue shall provide money for the unpaid remainder payable with interest at the times and in the manner aforesaid.

Section 4. That the annual installments, when collected, shall be placed in the sinking fund and applied to the payment of the said bonds with the interest thereon as the same shall become due, and to no other purpose whatsoever.

Section 5. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 11th day of December, 1900.

A COMBINATION PASSENGER AND BAGGAGE COACH.

It Will Probably Not Meet With Favor in This City, Especially on Rainy Days.

The Cleveland & Pittsburg railroad yesterday afternoon on the train due in this city at 3:50 o'clock had a baggage car and a day coach attached to the rear of the train for baggage and passengers going down the river.

This is done for the purpose of saving time at Wellsville, but will probably not prove satisfactory at this place, as on rainy days it is necessary to leave the baggage on trucks under the shed and the train will be delayed until the main line bagage is loaded and the baggage for the river division taken to the car and loaded.

If the company continue to carry the cars in the rear of the train it will be necessary to place an extra man at the baggage room.

OUR NEW DAM.

CONGRESS WILL APPROPRIATE A LARGE SUM.

The Bill Will Go Before the House of Representatives Before the Holiday Adjournment.

East Liverpool is now almost sure of the dam, as the revised work of the committee still appropriates money for dam No. 8. A Washington dispatch says:

The bill in addition authorizes the secretary of war to make contracts for future work on the three dams, numbered 8, 11 and 14, on the Ohio to a limit of $250,000 each or $750,000 in all, and carries a similar authorization as to dam No. 39 to a limit of $950,000. The total cost of the three dams first mentioned is limited to $550,000 each.

On the Ohio river, for the purchase of land and preliminary work on dams numbered 8, 11 and 14, $150,000; for dam No. 39, the last of the series, at Cullom's Riffle, below Cincinnati, for purchase of land and preliminary work, $100,000. For maintenance, dredging, new surveys, etc., on the Ohio, $400,000.

Executions to be Issued.

It is announced by Justice H. P. McCarron that on and after January 1, 1901, execution will be made on every delinquent personal tax claim in which judgment has been renderel. It is likely a large number of the accounts will be settled before that time, as they will be charged with several dollars additional costs in case of execution.

Card of Thanks.

The family of the late Jacob G. Schenkel desire to return their sincere and heartfelt thanks for the many unselfish kindnesses and expressions of sympathy extended to them during their late sad bereavement in the loss of a beloved husband and father. Especially do they return thanks to the Knights of the Golden Eagle, to the Ladies Temple, the Royal Arcanum, the Woman's Christian Temperance union, the Christian Endeavorers, the choir of the Methodist Protestant church, the officials and coworkers of the Prudential Insurance company, Mr. George Smith, baggage master of the C. & P. railroad, the many dear friends and kind neighbors, and to the ministers of the gospel, Drs. Gladden and Crawford, and may our Heavenly Father bless and prosper one and all.

Illustrated Hints

For Frugal Holiday Shoppers.

Something Useful for Every Kid From 3 to 93 Years Old.

Every storekeeper can have, may have, the lowest prices, the finest assortment, the best values--IN PRINT--but it's a different matter when you reach the respective stores. Some merchants, as you know--aren't quite as particular as they might be in advertising statements. At the time when most folks try to make the dollars go as far as possible, holiday shopping days, we make this fair proposition, which should be appreciated by all desiring boys' or men's Clothing, Furnishings, Hats, Caps, Trunks, Satchels, Jewelry, Etc. That each purchase is considered on approval only, for forty-eight hours, during which time the purchaser has the privilege of pricing, comparing elsewhere, and unless the articles bought here are found to be better at the same price, or just as good at a lower price, they may be returned within the time designated and money will be cheerfully refunded. All of which demonstrates our sincerity and our confidence in supplying your wants more satisfactorily than ever before.

Respectfully,

Wm. Erlanger & Co.
